

a. This is an indication only of POAL expected vessel line up and ETA's advised by the respective vessel operators and POAL's best estimate of berthing time and departure times

b. For more accurate and detailed working plans, please refer to our daily berth plan which covers the next 2 weeks. Both our daily berth plan and this overview are to be used in conjunction with one another to give Lines the best visibility we have of expected timelines

c. The estimated berth and working times for the longer horizon is calculated using average berth productivity across the Fergusson Terminal and the respective Services adjusted proforma moves. Therefore, as this is formula based, this can ONLY be used as an indication. If in doubt please make enquiries through our Berthage team on BerthageManager@poal.co.nz

d. Schedules may require further adjustment based on demand, capacity of labour and the yard affecting productivity overall. We are doing our very best to maintain intended berth times and where possible, gain lost time
