- Environmental update – Nigel Ironside
- AOB
- 6:30pm – Close

General Business Update

- Safety
- Operations
- Automation
- Board of Directors changes

COVID-19 Response

At Alert Level 4 we've brought back measures from the last Level 4 lockdown, with some increased safeguards because of the potential threat from the Delta variant. The following initiatives are being carried out:

- Vaccinations are back on site for frontline staff. Regular testing continues.
- We have restricted those who are allowed on site to essential staff, contractors and port users only; all other staff are working from home.
- We have re-implemented landside controls and additional measures to ensure our people are protected from COVID-19.

Environmental Update

Channel deepening and disposal of dredged material, noise, air quality and light

AOB

Any other business?

Thank you!
